Quality Policy Statement

It is NDT Mancal's objective to provide a first-class calibration service to the Non-Destructive Testing industry.

To achieve this objective, it is the policy of the Company to implement and maintain effective management systems that comply with the requirements of the international standard BS EN ISO 9001 and ISO/IEC 17025.

Adherence to the Quality System is mandatory throughout the Company

It is the responsibility of the Company's management to implement, maintain, review and continuously improve the Quality System.

Measures adopted for the establishment, documentation, implementation, maintenance, and the continual improvement of effectiveness of the Quality System include: -

Providing training designed to ensure that all personnel understand the Quality Policy and are properly instructed in safe and efficient methods required to carry out their assigned tasks.

Engendering quality awareness and vigilance in personnel at all levels within the company and taking appropriate corrective and preventative actions.

Ensuring that all personnel understand their responsibilities with regard to the requirements of the Quality System, the customer and the health and safety of themselves and others within the working environment.

Providing and maintaining equipment and facilities appropriate to the tasks for which they are required.

Regularly auditing the Quality System and monitoring its effectiveness and continued suitability at the Management Review Meetings.
